

COLORS

PRIMARY AND SECONDARY COLORS

PRIMARY COLORS

Why are Primary Colors called Primary?

- The colors RED, BLUE, and GREEN are called primary because by MIXING just these three colors you can create other colors.
- The word "Primary" is an adjective used to describe anything occurs first.

PRIMARY COLORS:

RED- Is associated with ANGER, POWER, WAR.

BLUE - Is associated with LOYALTY, INTELLIGENCE, and FAITH

GREEN - Is associated with FRESHNESS, HARMONY, GROWTH, and FERTILITY

SECONDARY COLORS

- Secondary colors are made by MIXING two of the primary colors. Which are GREEN, ORANGE AND VIOLET
